

workshop #1 activities

activity instructions

Please take a moment to think about the values that the community has expressed through the Teton Valley 2020 process, the issues the Teton County community is facing, and the opportunities to both build on these values and mitigate these issues.

On the next three pages, we would like you to elaborate on the values, issues and opportunities that you see for the community by listing them on each page. When completed, please prioritize those values, issues and opportunities by placing a number in the boxes on the right-hand side of the page, with #1 being the most important.

Once completed, please return the exercise + activities pages to:

*Angie Rutherford, Planning Administrator
Teton County Planning + Zoning Department
Teton County Courthouse
150 Courthouse Drive - Room 107
Driggs, ID 83422*
