That is correct. There are no entries for the period.

Thank you Jon,

So can I say that your flight log from Dec. 25 – Jan 10 out of Teton Springs shows no flights?

Thanks for the update.
Angie

Hi Angie,
Sorry, but there are no flights in or out of Teton Springs to report for the month of January. However, we are flying today and hope to have a better February. I will send you those flight logs next month.
Thank you,
Jon Shick, HMH

Angie, I have attached all the Teton Springs Heli Logs for the month of February. We had a tough time flying, particularly the second half of the month, so you'll notice that the flights were limited on some days.
Please let me know if these are easy to read in this excel format.
Thanks,
Jon Shick, HMH

Subject: TS heli log

Hi Angie, Attached are the Teton Springs heli logs for March. Please let me know if you received all 10 attachments and if there is anything else you might need.

The TS heliport received FAA approval. I still have some paper work to complete and will send you final documentation when we get it.

Thanks,
Jon Shick, HMH
