

07/11/11

## Transportation Subcommittee Minutes

### Third Meeting

#### In Attendance:

Subcommittee Members: Jack Haddox, Lindsey Love, Ralph Mossman, Tim Adams

County Staff: Angie Rutherford, Curt Moore

Consultant Team: Darryl Johnson, Jennifer Zung

Meeting was called to order at 5:00 PM

---

The minutes from the previous meeting (meeting #2, 6/22/11) were reviewed and the corrections were voted on and accepted. See previous revised meeting minutes. Jack Haddox motioned and Lindsey Love seconded.

Tim Adams played a voicemail message from Anne Callison stating concerns about definitions in the visioning portion (Part 1) of the Transportation section of the draft comp. plan. Those revisions were approved by the subcommittee and discussed further. The changes are visible in the "re-visioning" text included as an appendix to these minutes.

The County has provided the subcommittee with a paper copy of the pertinent portions of the current transportation plan.

The County is planning a series of educational sessions for the Transportation Subcommittee as well as for other subcommittees which have requested it. The timing for these sessions will likely be later on in the process but we are assured that they will happen.

Tim Adams summarized our agenda. There was some discussion about making recommendations without the education or communication with other subcommittees. This meeting was meant to be simply a brainstorming session and any recommendations are purely visionary. No official recommendations are being made.

Curt Moore interjected that the airport is currently in a master-planning process and an open house will be held:       ???

Next, the subcommittee then examined Part 1 of the Transportation section of the draft comprehensive plan. See attached "re-visioning" text.

Specific opportunities for transportation items were located on a printed map of the Valley. Keyed items included: Roads (new or major improvements), Pedestrian improvements/completions, Transit routes and hubs (both regional and local), Paved Paths. See attached map.

#### Action Items:

1. Tim will identify a following meeting to be the week of August 1st. He will coordinate via email.
2. A new survey needs to be updated to include revisions as noted and filled out by community members by July 22.

The meeting was adjourned at 7:00 PM.
