Farm Commons and Cultivating Success™ are partnering to offer Sustainable Farm Law 101.

From hiring workers, leasing or buying land, implementing food safety measures, negotiating sales, forming an LLC, filing taxes, getting insurance and so on—legal issues work their way into every aspect of the sustainable farm. The good news is that developing a strong, legally resilient farm business is easier than you think!

Farm law affects everyone, especially our most innovative, direct to consumer farmers. Answers aren't always easy to come by, but that's why Farm Commons exists.

Not just a boring lecture filled with legal lingo, this workshop will be co-facilitated by an attorney and 1 or 2 farmers. User-friendly legal education will be integrated with practical, on the ground experience, including input from participants. Expect a compelling, informative, and engaging workshop that will inspire you to take action to build a stronger, more resilient farm!

\$25 registration includes lunch and workshop materials. **To register search 'Sustainable Farm Law 101' on Eventbrite or follow this link: https://farmlaw101_driggsid.eventbrite.com.** Rural Roots members may register for \$20. Email to register with your Rural Roots discount code.

Let's work together – farmers can build stronger, more resilient businesses with the law on their side.
