**DEFINITIONS:**

**HOUSEHOLD WASTE** - Waste produced by a household or a business doing normal, every-day activities at the location shown on their “tax receipt.”

**NON-HOUSEHOLD WASTE** - All other waste, including waste produced by contractors performing construction or landscaping work, and waste produced by households or businesses conducting one-time cleanup or construction activities.

**SORTED WASTE** - Any waste brought to the transfer station that will be divided by the hauler into the following different material categories:

**Please make sure all sortable materials are “clean” and separated** with no other materials attached to them, i.e.: drywall with wood attached or wood with metal attached

**MIXED LOADS**

If your load is a mixed load, meaning sorted with household, that exceeds 6 or more bags of unsorted trash or 6 or more bags of sorted materials, you will be charged by weight according to the fees above: (If you have a mixed load, you can weigh twice or use the highest rate)

**HOUSEHOLD HAZARDOUS WASTE**

The County currently does not accept household hazardous waste.

Household hazardous waste is defined as any substance that will no longer be used for its intended purpose and exhibits any of the following characteristics; it’s flammable, reactive with other chemicals to emit toxic gases ,or becomes explosive; it’s corrosive or toxic to humans and animals. This includes; antifreeze, acid-based products, ammonia- based cleaners and photo chemicals, flammable liquids such as paint, brake fluid, hydrogen peroxide, nitrites and nitrates, flammable solids such as adhesives, glues, waxes and silicone sealants, aerosols, poisons, pesticides and asbestos containing materials.

**Teton County Idaho will reimburse up to \$150/year of cost for materials taken to the Teton County Wyoming Household Hazardous Waste Disposal Facility with proper receipt submitted to the Weigh master or at the courthouse.**
