RE: Engineering Review
Hunnidale Farms Subdivision Concept Plan
Section 9, T3N, R45E B.M.

Upon review of the Hunnidale Farms Subdivision Concept Plan, I have the following observation:

- Only one access per lot will be allowed onto W10000N. An access permit must be approved by Teton County Road & Bridge. Access locations must comply with minimum safe stopping distances and sight distances.

Sincerely:

Darryl Johnson, P.E., P.L.S.
Public Works Director
