Planning & Zoning Department

CONCEPT PLAN APPLICATION

The Concept Subdivision Review is the first of three steps in the development process. The full plat approval is a three step process; Concept Plan, Preliminary Plat, and Final Plat. The first step in the Concept review process is scheduling a pre-application meeting between the applicant and the Planning Administrator or staff. Once the Pre-App meeting is complete, the applicant will submit required application materials to the Planning Department. The application will be stamped when received, and will be reviewed for completeness. It is recommended that the Applicant review Chapter 4-13 of the Teton County Land Development Code and Development standards prior to submittal. This chapter along with application materials are located on the County website at www.tetoncountydahogov. The Planning staff is also available to discuss applications and answer questions prior to receiving an application.
