Earth friendly:

Recyclable cups

Reusable mugs

Water station installed for concerts.

C. Drones

Have to use federal and state regulations for flying

\$1000 will buy a great one and they are easy to fly, Charles said he would have let us fly his if the weather was better

ISP wants a Mavic drone in every car and they have a 20 min. fly time

Fixed wing can fly for 1 to 2 hours but require a lot more skill
